Why high attendance is important for education

As a parent/carer you want the best for your children. Having a good education is an important factor in opening up more opportunities in adult life. Did you know that:

- a child who is absent a day of school per week misses an equivalent of two years of their school life
- 90% of young people with absence rates below 85% fail to achieve five or more good grades of GCSE and around one third achieve no GCSEs at all
- poor examination results limit young people's options and poor attendance suggests to colleges and employers that these students are unreliable

All absence at any stage leads to gaps in your child's learning. This in turn can:

- mean that they fall behind in work
- affect their motivation
- affect their enjoyment of learning
- lead to poor behaviour
- affect their ability to have or keep friendships.

Supporting your child's school attendance

Good school attendance habits are best started early. Children learn from those around them and you as parents/carers set the standards and expectations for your child.

For hints, tips and advice on how you can support your child with their school attendance, check out the website: www.iow.gov.uk/schoolattendance
