

English (Reading and writing):

Text drivers/books to share:

- The Night Gardener
- Flat Stanley

Reading: This term, we are continuing with our phonics scheme, RWI, to improve our reading skills. All children are progressing to sets 2 and 3 this term, before our phonics screen in June.

Writing: We are going to be collating all of our learning so far this year this half term. The class will be putting pen to paper a lot this half term, with a focus on remembering the three important factors of KS1; Capital letters, finger spaces and full stops.

Mathematics:

This half term, we are going to be wrapping up our learning on time and measurement. Then we are moving on to number again, where the class will consolidate their learning throughout year 1 and 2. We will be revisiting addition, subtraction, multiplication and division... and even having a look at fractions too.

We are going to be focussing on our number formation with our handwriting and ordering our number sentences correctly.

Physical Education (Multi skills):

In PE, the class will be travelling in different ways, showing clear transitions between different movements with control and fluency. We will also explore static balances and control.

Religious Education:

In RE this term, we will be looking at special religious places in Judaism, such as synagogues. Then, we are going to be exploring new ideas of God through Hinduism.

Explore: (Curriculum Support)

Music: We will continue to follow our music programme on charanga and learn about the rhythm and beat of the music. The class will be having fun with improvisation. We are going to look at which songs which can sing to help us through the day.

Art: In art, we will be focussing on our drawing skills. The class will aim to be proficient in their drawing technique and can use these skills to develop and share their ideas, experience, and imagination. We have now introduced new materials to use in art such as crayons, pastels, and paint.

Osborne House

Class

Years 1 + 2

STEAM:

Science: This half term, the class are being introduced into the new topic - animals including humans. We are developing our scientific enquiry with our new science scheme. The class will be undertaking investigations to address common misconceptions.

Computing: This term the children will develop their understanding of the various aspects of using a computer to programme and animate characters to move across the screen. This will use their skills learnt in the year so far with the laptops.

PSHE:

We will continue to follow our PSHE programme on SCARF. This term we will be looking at valuing difference with Mrs Young. The children will have mature conversations around important issues.

Explore: Geography (Curriculum Support)

This term, we will be learning about the similarities and differences in relation to places, objects, materials and living things. They talk about the features of their own immediate environment and how environments might vary from one another.
