

Year 1/2

English:

In English, we are learning how to write a detailed setting description from the perspective of Bob once he has landed on the Moon as well as information booklet about the moon. This will link to our first class text, "The man on the moon" by Simon Bartram. We will also be learning how to write a short narrative and this will be linked to our second class text, "The way back home" by Oliver Jeffers.

Physical Education:

The children will be learning how to develop their gymnastic abilities during PE lessons this half term. They will be focusing on the control of movements, maintaining different balances in isolation and linking dynamic movements together.

Religious Education:

Year 1 and 2 will be focusing on the Nativity story in the Christian faith. They will focus on it's importance to practising Christians and their beliefs.

Modern Foreign Languages:

The children will be learning the following:

- Recapping the numbers 0-10
- Saying their age
- Combine personal information
- St Nicholas and Christmas traditions

Class Curriculum Web

EXPLORE (Curriculum Focus)

Geography:

Year One and Two will be continuing to focus on the topic of "Our Island" and the United Kingdom. This half term, the children will identify where the Isle of Wight is located on the UK and world map. In addition, we will compare our Island to a Caribbean island, assessing the similarities and differences.

'Our Beautiful Isle'

Our Island – The Isle of Wight
Beauty, Belonging, Change Our Country - The British Isles
Dreams, Aspirations, Vision, Spirituality, Resilience Our World – The Earth **Freedom**

CREATE (Curriculum support)

Art: Use of paints and watercolours

Year 1 and 2 will be learning how to use different brush strokes and mediums to create different painted effects.

Music: The children will be learning about rhythm, beat and tone.

Autumn 2

Mathematics

Year One and Two will be focusing on the following topics:

- Measurement: Time and Length
- The four operations (+ - x ÷)
- Geometry: Properties of 2D shapes
- Number and place value

STEAM

Science:

This half term we are focusing on "The weather system." The children will be learning; how weather changes with the seasons, how shadows are created, the water cycle and how to measure rainfall and temperature.

Design Technology:

To link to our English learning, we focus on the creation of rockets to transport the Moon keeper from earth to the moon as well as finding the most appropriate material to "parachute" him back to earth once his rocket ship breaks down. The focus on materials, and their properties, will also link into our Science objectives.

PSHE:

This Autumn term, the school is focusing on PSHE to ensure each child can settle well into the new academic year after a turbulent few months. In PSHE we will be focusing on "Keeping myself safe," where we will look at topics such as: Who can help me, Super sleep, Healthy me and applying the learning with "What could Harold do?"
