

Year 4/5

English:

The start the term will be continuing our learning about Shakespeare and Macbeth as the play focus. The children will write in character and develop their descriptions of the main characters.

After that we move onto the text driver:

The children will explore non-chronological report writing and instructional writing.

Class Curriculum Web

DISCOVER: (Curriculum support)

History:

Ancient Egypt is the curriculum focus this term. The children will learn through the concept of Inequality and discrimination. The children will place the study era on a timeline, understand what society was like in Britain at the same time and compare. And through collaborative learning the children will explore social classes and the Government.

Summer 2

Mathematics:

The children will start the term learning position and direction: symmetry and translations.

They will then move onto the measurement domain: converting units of measure, solving problems involving measurement. They will apply the skills that they learnt from their decimal learning to support their new learning.

Physical Education:

The children will begin their swimming lesson this term and take part in dance lessons.

Religious Education:

Judaism: Responsibility:
Bar Mitzvah

Modern Foreign Languages:

The planets
Euro football tournament

DISCOVER
