15th January 2021

Dear Parents and carers

As the dust settles on another week in school, I cannot emphasise enough how fortunate we are to have a staff team so committed to their jobs at school. Our school is not closed and all of our staff are teaching full time and in school providing lessons to children from Keyworker families and those families that are deemed vulnerable. Whilst they are doing this teachers and support staff are also working remotely to support our pupils that are working from home. Our staff are doing a brilliant job in these unprecedented times. Schools across the country are going above and beyond and our teachers are working flat out.

I'd like to again thank all of you, for the determined effort that families have made in supporting your children to learn at home. We know this is not always easy but we urge you implicitly, to access all of the work sent to you. Our children really need to keep learning for their futures. We understand that sometimes this will be a challenge, so take breaks and break it down into smaller chunks. If you need support our teachers and support staff can assist, so contact the school, they will get back to you... it just might not be immediately.

It is also important for our children to develop home skills, washing up, vacuuming, cleaning the kitchen or bathroom, washing clothes and cooking. It is also essential we spend quality time together, play games, go for safe walks together and take a break from the screens that control our lives. All of these are really important so that our families can function and thrive in this difficult period of time.

Throughout this pandemic the one thing we have all learned is that our families and time together are most valuable and cherished. Please continue to look after each other and hopefully in the near future we can start to interact more as we once did.

We will continue to update you as best we can throughout the coming weeks.

Mr Snow
